

PRATHAMESH J. TULASKAR

Senior Flutter Lead | Mobile Tech Lead

Mumbai, India • +91 8805202434 • prathameshtulaskar37@gmail.com

PROFESSIONAL SUMMARY

Senior Flutter Lead with 5+ years of experience delivering scalable, secure, and user-centric mobile applications across fintech, healthcare, food-tech, service management, and enterprise domains. Known for architectural ownership, end-to-end delivery, team leadership, and direct client collaboration.

ARCHITECTURE & ENGINEERING HIGHLIGHTS

- Clean Architecture with strict separation of presentation, domain, and data layers
- MVVM and modular architecture enabling independent feature scalability
- Reusable UI components and shared core libraries reducing development effort by ~30%
- JWT authentication, encrypted local storage, and secure API communication
- Performance optimization using isolates, lazy loading, caching, and efficient state management
- CI/CD-ready Flutter projects with environment-based build configurations

PROFESSIONAL EXPERIENCE

Senior Mobile Application Developer — Alphacentrix Services Pvt. Ltd. | Jan 2024 – Present

- Leading development of a funds and investment mobile application for a Saudi-based client
- Handled ~85% of application architecture and core development, building the product from scratch
- Led and mentored a team of 3 Flutter developers while enforcing coding standards
- Ensured ~95% accuracy in financial transaction workflows
- Implemented secure encrypted data handling for sensitive financial information
- Managed ~70% of client communication, requirement analysis, and solution design

Mid-Level Flutter Mobile Application Developer — Bhangale Software OPC Pvt. Ltd. | Jan 2023 – Jan 2024

- Handled ~70% of requirement gathering and client discussions
- Ensured ~90% feature alignment with client expectations
- Converted business requirements into scalable Flutter solutions

Flutter Mobile Application Developer — Enigmasoft Technologies | Jul 2021 – Jan 2023

- Developed a feature-rich Flutter application for a UK-based client
- Delivered modern UI/UX across Android and iOS platforms
